

1 13. (new) Use in accordance with claim 3, characterised in that the extract serves for
2 producing a ready-formulated medicament for the selective treatment and/or prophylaxis of
3 osteoporosis.

1 14. (new) Use in accordance with any one of claim 2, characterised in that the extract
2 serves for producing a ready-formulated medicament for the selective treatment and/or
3 prophylaxis of climacteric disorders, particularly for preventing or alleviating hot flushes.

1 15. (new) Use in accordance with any one of claim 3, characterised in that the extract
2 serves for producing a ready-formulated medicament for the selective treatment and/or
3 prophylaxis of climacteric disorders, particularly for preventing or alleviating hot flushes.

1 16. (new) Use in accordance with any one of claim 4, characterised in that the extract
2 serves for producing a ready-formulated medicament for the selective treatment and/or
3 prophylaxis of climacteric disorders, particularly for preventing or alleviating hot flushes.

Remarks

Prior to examination of the instant application, it is requested that the above amendments be entered. The amendments are made solely for the purpose of eliminating multiple dependencies from the claims. In view thereof, claims 1-16 will be pending in the instant application.

Respectfully submitted,
PRETTY & SCHROEDER
